

CSS Residential Garbage Container

City Sanitary Service has provided you with a 65-gallon residential garbage container. You will use this container for garbage service. The container is the property of City Sanitary Service and any damage done to the container (besides for normal wear) will be billed to the resident at \$65.00 for container replacement.

Below are the rules and helpful tips for using this container:

- Collection times vary. To ensure service, set out your containers by 7 a.m. on collection day.
- Set containers at the curb with the lids opening toward the street. Please leave at least three feet between containers.
- Place the containers three feet away from parked cars, mailboxes and other obstacles. Allow 15 feet clearance from tree branches, utility wires, etc. above the container.
- Do not leave your containers at the curb on non-service days. Containers must be pulled back onto private property on non-service days.
- For safety, keep children away from refuse containers and collection trucks.
- Do not overfill containers. Overfilled containers create litter and may not be serviceable.
- Please bag and tie garbage to prevent odors and flies.
- City Sanitary Service will only service containers provided by CSS. Do not set out garbage in other cans, boxes or receptacles.
- Containers are assigned to the property address; please leave the containers for the next resident if you move. Please call City Sanitary Service at 319-346-1618 when you move so the name on the account for the container can be transferred.
- Do not use garbage containers for dirt, concrete, building materials, large carpet rolls, hazardous or toxic waste, unwrapped animal waste, large items such as furniture, water heaters, etc. Yard waste, fluorescent lights, CFLS or tube lights, construction debris, and paint can also not be put into the container.
- Never place hot ashes, cinders, coals or other burning material in garbage containers.
- Please rinse your garbage container periodically to keep it clean and in good condition.
- If you have any questions please view our website at www.citysanitaryserviceia.com and go to the tab "Garbage Service" or you can call our office at 319-346-1618.
- A copy of this list will be posted at City Hall. Please keep this list for your reference.
